PART 5: CAROUSEL LAYOUT: CELL SNAPPING

HOW WE ARE ACHIEVING OUR RESULTS

- ▶ Override method in UICollectionViewFlowLayout

```
override func targetContentOffset(forProposedContentOffset:withScrollingVelocity:) -> CGPoint
```

- ▶ Change Section Insets
- ▶ Override method in UIScrollViewDelegate

```
override func scrollViewDidEndDecelerating(_:)
```

XCODE DEMO

CAROUSEL LAYOUT REVIEW

- ▶ Subclassing UICollectionViewFlowLayout
- ▶ Transform cell's scale and alpha values
- ▶ Set line spacing so items overlap
- ▶ Modify cell's shape, add a border
- ▶ Snap featured cell to center
